BRICK TENDERS' AGREEMENT

BETWEEN

EXECUTIVE COUNCIL OF THE MASON CONTRACTORS' EXCHANGE OF
SOUTHERN CALIFORNIA, INC.

AND

THE SOUTHERN CALIFORNIA DISTRICT COUNCIL OF LABORERS AND ITS AFFILIATED LOCALS #220, Bakersfield, #300, Los Angeles, #507, Long Beach, #585, Ventura, #652, Santa Ana, #783, San Bernardino, Inyo and Mono, #802, Wilmington, and #1184, Riverside and Imperial, affiliated with the L.I.U.N.A., AFL-CIO.

THIS AGREEMENT, entered into this 1st day of July, 2013 by and between the EXECUTIVE COUNCIL OF THE MASON CONTRACTORS' EXCHANGE OF SOUTHERN CALIFORNIA, INC., on behalf of its members signatory hereto, hereinafter referred to as the Contractor, and the SOUTHERN CALIFORNIA DISTRICT COUNCIL OF LABORERS and its affiliated Locals #220, Bakersfield, #300, Los Angeles, #507, Long Beach, #585, Ventura, #652, Santa Ana, #783, San Bernardino, Inyo and Mono, #802, Wilmington, and #1184, Riverside and Imperial, who are signatory hereto, hereinafter referred to as the Union, all affiliated with the L.I.U.N.A., AFL-CIO. Any employer which adopts this Agreement shall also be referred to as the Contractor.

A. WHEREAS, in an endeavor to stabilize conditions in the Masonry Industry and for the purpose of affording mutual protection and to advance the interests of, and to produce harmony among the members of the parties hereto; and in consideration of the mutual covenants herein contained, each to be kept and performed by the respective parties hereto, and in consideration of other good and valuable consideration, both parties mutually pledging that they shall cooperate in good faith to carry out the terms hereof.

B. UNION RECOGNITION. The Union has requested recognition as the Section 9(a) representative of the unit employees performing Brick Tenders' work covered by this Agreement and has shown or offered to show through authorization cards that it has the support of the majority of these unit employees. The Contractor and each Individual Contractor expressly acknowledge that they and each of them have satisfied themselves that the Union and/or each of its local affiliates has the support of a majority of the unit employees to represent them. Based upon the Union having shown or offered to show evidence of its majority support of unit employees, the Employer and each Individual Employer recognize that the Union and/or each of its affiliated Locals is the collective bargaining representative of such employees. The Contractor on behalf of itself and each of its members and each Individual Contractor specifically agrees that it and they are establishing or have established a collective bargaining relationship by this agreement within the meaning of Section 9(a) of the National Labor Relations Act. The Union is recognized as the sole and exclusive bargaining agent for itself, the Southern California District Council of laborers and all of its affiliated Local Unions. It is understood that the Union does not at this time, nor will it during the term of this agreement, claim jurisdiction over the following classes of employees: executives, civil engineers and their helpers, superintendents, assistant superintendents, master mechanics, timekeepers,

messengers, office workers or any employees of the Contractor above the rank of craft foreman.

C. ASSOCIATION RECOGNITION. The Union hereby recognizes the Executive Council of the Mason Contractors' Exchange of Southern California, Inc., as the sole and exclusive bargaining representative for their respective members, present and future in accordance with paragraph E. below, who are or who become signatory to this Agreement, and agrees that during the term of this Agreement it, individually or collectively, will not negotiate or enter any agreement with such individual members of the Executive Council of the Mason Contractors' Exchange of Southern California, Inc., relative to part or all of the subject matter covered by this Agreement.

D. THE UNION shall not dispatch workers or permit employees to work for a person, firm, limited liability company, partnership, joint venture or other legal entity who, as a "broker", or subcontractor, furnishes workers to perform work covered by this agreement, or who arranges for workers to be placed upon the payroll of a Contractor. A "broker" is a person, firm, limited liability company, partnership, joint venture or other legal entity, including a Contractor or Subcontractor, who hires or arranges for the hire of jobsite employees but does not supervise or control their work or maintain the equipment they use.

E. CONTRACT BINDING ON ACTIVE AND TERMINATED MEMBERS. This agreement shall be binding upon all members of the Executive Council of the Mason Contractors' Exchange of Southern California, Inc. with the same force and effect as if this Agreement were entered into by each member individually. The Executive Council of the Mason Contractors' Exchange of Southern California, Inc., will furnish the Union with a list of members, and will, each month for the life of this Agreement, furnish a list of all new members and list of members who have resigned or have been dropped from membership. The Executive Council of the Mason Contractors' Exchange of Southern California, Inc. will acquaint all members with the provisions of this Agreement, and will endeavor to the best of its ability to compel all members to abide by all provisions of this Agreement. If a member resigns or is dropped from membership in the Executive Council of the Mason Contractors' Exchange of Southern California, Inc., that member shall automatically be bound by the Union's Short-Form Agreement to this Agreement. The Union will furnish the Executive Council of the Mason Contractors' Exchange of Southern California, Inc. with a list of all contractors, employing Brick Tenders, and signed to this Agreement.

F. AT LEAST SEVEN (7) business days prior to the Executive Council of the Mason Contractors' Exchange of Southern California, Inc., accepting a person, firm or corporation as a new member bound to this Agreement, the Association shall give written notice to the Union of such intent. If the Union notifies the Executive Council of the Mason Contractors' Exchange of Southern California, Inc., within five (5) business days of the receipt of such notice that the Union or the Trust Funds have a dispute with the contractor, or the Union otherwise does not intend to become bound with the person, firm or corporation to this Agreement, the person, firm or corporation shall not be deemed an eligible member bound to this Agreement.

G. THE "METHOD OF DELIVERY OF WRITTEN NOTICES", required by this agreement shall be satisfied by one of the following means of delivery; email, fax, certified mail or regular mail.

ARTICLE I
COVERAGE AND RECOGNITION

A. GEOGRAPHICAL AREA. This Agreement shall apply to all Mason Tenders working in the geographical area of Los Angeles County, Orange County, Kern County, Ventura County, Santa Barbara County, San Bernardino County, Riverside County, Inyo County, Mono County, Imperial County, San Luis Obispo County, Catalina Island, and the following offshore islands if the point of embarkation is from Los Angeles, Orange, Ventura, Santa Barbara, or San Luis Obispo County, namely, Richardson Rock, Santa Cruz Island, Arch Rock, San Nicholas Island, San Clemente Island, San Miguel Island, Santa Rosa Island, Anacapa Island, and Santa Barbara Island, all offshore manmade islands and drilling platforms.

B. "BRICK TENDERS" AND "MASON TENDERS" are used as words of description but insofar as this Agreement is concerned are deemed to be the same.

C. ALL WORK COVERED BY THIS AGREEMENT shall be done by employees of the signatory Contractor or a subcontractor under the terms of an agreement with the Union.

1. All work done by the Contractor or a Subcontractor on the construction site that falls within the claimed jurisdiction of the Laborers' International Union of North America shall be done by employees of the Contractor or a subcontractor under the terms of an agreement with the Union.

(a) The Contractor shall ensure compliance with the subcontracting provision contained in this Section by inserting into any subcontract for covered work the following language:

Subcontractor acknowledges that Contractor has entered into the following labor agreements covering work at the construction jobsite with the Southern California District Council of Laborers and its affiliated Local Unions: Southern California Laborers Brick Tenders Agreement, effective July 1, 2013 to June 30, 2016 ("Brick Tender Agreement"). The subcontractor acknowledges and agrees that a copy of the Brick Tenders Agreement is available to the subcontractor.

Subcontractor agrees that it is bound to and shall comply with all of the terms and conditions of the Brick Tender Agreement referenced above, including wages, trust fund contributions, working rules, the grievance/arbitration procedure and any other mechanism for the resolution of dispute contained in the Brick Tender Agreement, on all covered work performed in the geographic area of the Brick Tender Agreement, whether or not the work is performed for the Contractor.

Subcontractor further agrees to bind all its subcontractors performing job site work of the type covered by the Brick Tender Agreement referenced above to become bound and comply with all of the terms and conditions of the Brick Tender Agreement.

Subcontractor acknowledges that the Southern California District Council of Laborers and its affiliated Local Unions, and the Construction Laborers Trust Funds of Southern California, are the intended third party beneficiaries of this contractual provision and may enforce this provision directly against Subcontractor.

(b) If the Contractor complies with subsection (a) above, the contractor shall not be liable for a breach of the subcontracting provisions of this Section, provided however, the Contractor shall be liable for the Subcontractor's delinquent Trust Fund contributions to the extent such liability would otherwise exist under this Agreement.

(c) In addition to any recovery of damages by the Union for a Contractor's violation of the subcontracting clause, the Trust Funds may recover damages in an amount equal to the full fringe benefit contribution rate in effect under this Agreement at the time of the violation, plus interest, audit fees, and liquidated damages, for each hour of covered work performed by the non-signatory subcontractor's employees. Such damages shall be payable to the Vacation Trust and shall be damages and not for the benefit of any specific individual

2. Neither the Contractor nor any of its subcontractors shall perform any work with employees at the site which comes within the recognized jurisdiction of the Brick Masons unless the Contractor and/or the subcontractor are signed to an appropriate current labor agreement with the Brick Masons. (This provision shall be null and void if the Brick Masons' Union does not have a similar clause in their Agreements).

D. SUBCONTRACTOR. A subcontractor is defined as any person, firm or corporation that agrees under contract with the General Contractor or his subcontractor to perform any work Covered by this Agreement, including the operation of equipment, performance of labor or the furnishing and installation of materials.

E. IF THE CONTRACTORS, parties hereto, shall subcontract work as defined herein, provision shall be made in such subcontract that said subcontractor be signatory to this Agreement, and abide by all provisions set forth within this Agreement.

F. THE CONTRACTOR SHALL NOT permit subcontracting by subcontractor without the Contractor's knowledge and permission in writing.

1. In the event the Contractor is required to subcontract work on a public works project to a certified MBE/WBE/DBE/DVBE to meet requirements contained in governmental rules or regulations, the contractor shall notify in writing the Local Union in whose jurisdiction the work is to be performed. The Union shall offer to sign the subcontractor to the Unions' MBE/WBE/DBE/DVBE Public Works Short-form Agreement.

G. DELINQUENCY AND COLLECTION PROCEDURE

1. The Contractor shall pay its monthly contributions to the Trust Funds accompanied by a fully completed and executed report form furnished by the Trust Funds. The Contractor shall include with the monthly report form in a format acceptable to the Trust Funds:

a. The identification of each job worked on by the Contractor during the month, including the job location, the owner of the job location property, and the name and address of the entity for whom the Contractor is working.

b. The name and social security number of each employee who performed covered work, indicating the number of hours each employee worked on each jobsite.

The provisions of subsections a. and b. above will be effective July 1, 2007. They will be implemented by the Trust Fund Administrator, in consultation with the Associations and Union, in a mutually acceptable way that minimizes any inconvenience to the Contractor. The information provided by the reports required by subsections a. and b. shall be maintained in a confidential, restricted access manner by the Trust Funds for collection and fringe benefit eligibility purposes

2. The Trustees of the Trust Fund shall furnish the Contractor Associations and the Union with a list of delinquent contractors each month. Such list will also be available to all signatory contractors on request, subject to such reasonable cost as may be determined by the administrative office of the Trust Funds as representing the cost of duplication and transmission of such lists, payment for which to be made in advance. The Contractor agrees he/she will not subcontract any portion of his job to any subcontractor whose name appears on the delinquent list until such subcontractor has paid all delinquent monies to the various Trust Funds. In the event the Contractor subcontracts to any such delinquent subcontractor in violation of the foregoing, the Contractor shall remove such subcontractor from the job immediately, unless such delinquent subcontractor immediately makes full payment for all delinquencies to the Trusts.

3. If the Contractor fails to remove the delinquent subcontractor, the Contractor will become financially responsible for all fringe benefits owed to any funds established by this Agreement by the Contractor or by his subcontractor or the subcontractor of his subcontractor for work performed on the Contractor's job or project in accordance with the requirements set forth below.

4. The term "Contractor" for delinquency purposes only, shall include all entities of the delinquent contractor, change of name, or change of entity, provided that the delinquent contractor holds at least ten percent (10%) ownership in the new entity.

5. In the event the Contractor subcontracts to a subcontractor that is not on the delinquency list at the time the subcontract is entered into, the Trust Office shall notify the Contractor of any delinquency of the subcontractor within ninety (90) days of the date the delinquency first occurred and in no case shall the Contractor be liable for fringe benefit contributions of subcontractor for more than ninety (90) days prior to the date the Trust Office notice is sent to the Contractor. A courtesy copy of the notice shall be sent to the Association that represents the contractor; provided, however, that the Trust Office's failure to send such notice to the Association shall not affect the Trust's rights against the contractor.

6. Where a Contractor contracts with a listed delinquent subcontractor or subcontractors, and the Contractor fails to terminate the subcontract of such delinquent subcontractor, or subcontractors, the Contractor shall become financially responsible for

the liability of the delinquent subcontractor's fringe benefits on that job from the commencement of the work under the subcontract the date of termination of that subcontract.

7. The Trust Fund Office shall send delinquency notices to Contractors whose contributions are not paid as required. The Trust Office shall notify the Union of those Contractors who fail to pay within five (5) days of such notice and the Union may, at its sole option, withhold service from the Contractor involved until contributions are paid or satisfactory arrangements made with the Trustees for payment.

8. Any employee rendered unemployed by reason of the foregoing shall not be deemed engaged in a work stoppage or labor dispute but shall be deemed constructively laid off by the Contractor by failure to pay monies due for the benefit of the employees. Contractor agrees that such employees are entitled to unemployment insurance and warrants that he will take no action to interfere with the employee's application for unemployment insurance. Any dispute in connection with this paragraph is subject to the grievance procedure.

9. The Trust Office shall issue delinquency notices and clearances to Contractors confirmed in writing.

10. All employees shall be covered by this Agreement and the provisions applicable to Trust Funds. The Trustees shall have authority to audit Contractor records to determine the appropriate contributions and shall have specific authority to examine the Contractor's records, including but not limited to all payroll records (including certified payroll records, electronic payroll records, and all records reflecting payments to trust funds other than the Laborer Trust Funds of Southern California, Federal W-2 Forms, Forms 1099 and 1096, Quarterly State Tax returns, and time cards), all cash disbursement ledgers, all canceled checks, check registers and invoices and bank checking account statements. If requested by the Trusts, the Contractor shall provide payroll breakdown by job, and shall provide the job location, legal description of the jobsite property if known, the owner of job location, the name and address of the entity for which the Contractors is working, the contact telephone number for the job, the names and social security numbers of the employees working on the job, the number of hours worked by each employee on the job, all preliminary notices, mechanic liens and stop notices on the job, other relevant job location information requested by the Trusts and certification of workers compensation coverage. The Trustees may file suit to enforce this obligation, and, if successful, shall recover their attorneys fees and costs, whether or not the audit reveals a delinquency. Any Contractor delinquent under this Article may be required by the Trust Funds to submit, in addition to regular reports, payroll breakdowns by job, and the failure to submit timely job breakdowns shall be considered a delinquency under this Article. If a Contractor refuses to furnish the foregoing the Union may take economic action.

11. The Contractor has a duty to report to the Trust Funds as required by the Agreement. The Contractor shall maintain for a period not less than four (4) years all payroll and related records showing all payments to persons or firms for work of the nature covered by this Agreement, including the records described in section G.10 above. The Contractor shall make available such records for audit by the Trust Funds representative upon written request. The Contractor and the Union agree that such audits are expensive and time consuming for the Trust Funds and the Contractor, but the Trust Funds otherwise

have no way of knowing the full extent of the Contractor's obligations, since the records showing the related employment are in the possession and control of the Contractor. In order to minimize the need for an frequency of such audits, the Contractor agrees that the Trustees and the Union place trust and confidence in the Contractor to report and pay contributions properly.

12. It is recognized that a delinquency in contributions causes damages beyond the value of the unpaid contributions, which are difficult to quantify. These damages include, but are not limited to, the administrative costs of processing and collecting delinquencies, the costs of adjusting benefit credits and notifying participants, the additional burden placed on Contractors who faithfully pay their contributions, and the burden upon participants and beneficiaries who may be unable to qualify for benefits they may have otherwise been entitled to but for the delinquency of the Contractor. Because these damages are difficult, if not impossible, to quantify on a case-by-case basis, the parties agree that liquidated damages, not a penalty, for such losses shall be set at the greater of \$25 or 20% of the contributions late or unpaid for each Trust Fund. The parties have reviewed the costs of collection by the Trust Funds, and agree that 20% liquidated damages is an accurate projection of the Trusts' damages that result from a delinquency. In addition, any Contractor delinquent in its obligations under this Article shall be required to pay interest on the delinquent contributions (at a rate to be set by the Trustees of the Trust Funds), and any audit fees. In the event that litigation is necessary to collect any delinquent contributions (including litigation to enforce mechanic liens, stop notices, bond claims or similar remedies, and any bankruptcy or receivership proceedings) or to enforce any obligation under this Article, in addition to liquidated damages owed by the delinquent Contractor, the Contractor shall also be liable for all reasonable attorney fees and legal costs incurred in such litigation. The Trustees of the Trust Fund may waive or reduce the amount of liquidated damages, at their sole discretion and consistent with their fiduciary duties. The decision of the Trustees in any request to waive or reduce liquidated damages shall be final and binding upon the parties.

13. The Trust Funds' Joint Delinquency Committee may require a Contractor to post a satisfactory bond in a sum equal to two (2) times the amount of the delinquency or such lesser amount as the Committee may determine, to secure payments of contributions to the Trust Funds. Such amounts are to be determined by the Trust Funds, and shall increase if the Contractor's delinquency increases. The bond shall not be construed in any way as in lieu of any payments required under this Agreement. All such bonds shall be deposited with the Trust Administrator and shall be in a form acceptable to the Trusts. The bond shall remain in effect for a period of 36 months after the delinquency giving rise to the obligation to post the bond or until one year after the date that the Contractor is no longer bound to the Agreement or any successor Agreement, whichever is earlier.

14. For the purposes of this Agreement, delinquency is failure to make the required reports and contributions to the Trust Fund as determined by the Trustees, shall consist of the following:

- a. Failure to submit trust report forms completely filled out and executed.
- b. Failure to report on all employees.

- c. Failure to make the payments as required on time.
- d. Failure to pay audit amounts and audit fees and other costs and damages as determined by the Trust.
- e. Failure of the bank to honor checks submitted.
- f. Failure to pay monies due.
- g. Failure to submit to an audit.

The Trust Funds shall exercise discretion in determining the materiality of a technical delinquency and shall refrain from publishing to third parties that an employer committing only such a violation is delinquent. When the Trust Funds are asked by third parties or by a Contractor the status of that Contractor, the Trust Funds shall respond promptly to facilitate the Contractor's ability to address any problems quickly and to enable to Contractor to obtain prompt payment from its clients.

15. In addition to any other remedies under this Article, the Union may terminate the participation of a delinquent contractor. Notice of such termination shall be sent to the Contractor, and each of the employees listed on the last report submitted by that Contractor, and shall be effective 30 days from such notice. Upon termination, no employee of the delinquent Contractor shall accrue credit for any benefits for hours worked for that Contractor. However, termination shall not end or alter the obligations of the Contractor (or any Contractor subcontracting to that Contractor) under this Article. In addition to any other damages under this Article, a Contractor so terminated shall be liable to the Trust Funds for the cost of notice, and shall be liable to its employees for the value of any benefits lost in an amount not exceeding the hourly contributions and liquidated damages that would otherwise have been due.

ARTICLE II REFERRAL PROCEDURES

A. REFERRAL PROCEDURES. In the employment of workers for all work covered by this Agreement, the following provisions shall govern except to the extent that Local Unions make posted non-discriminatory changes:

1. Nondiscriminatory Listing. Each Local Union shall establish and maintain an employment facility at which it shall establish and maintain an open and nondiscriminatory employment list for the use of applicants for employment in the geographical area serviced by that employment facility.

2. Registration of Applicants. Applicants shall be entitled to registration on and dispatchment from the employment list subject to the provisions of this Article.

3. Registration-First In, First Out. Applicants shall be registered on the employment list in the order of time and date of registration. There shall be five (5) groupings in the out- of-work list as hereinafter more particularly described.

4. Registration of Skills. Each applicant for employment shall be required to furnish such data, records, names of employers, length of employment or other information as may be considered necessary to the operation of the employment

lists and shall furnish all requested information prior to registration. Applicants shall list any special skills which they may possess. The Union shall not be responsible for the accuracy of the information furnished by the worker.

5. Each applicant for employment shall be required to furnish evidence of completion of Scaffold Users Training class and if requested by the contractor, evidence of successful completion of Scaffold Builders Class and/or Forklift Training Class. The employer will not be required to employ any dispatched individual without the required evidence of certification and the employer will not be required to pay any show-up time.

6. Contractor Required to Call Local Union for Workers. The Contractor shall first call the employment facility servicing the geographic area in which the project is located on which employees are needed and that employment facility shall immediately dispatch to the Contractor the number of qualified and competent applicants of the classifications needed and requested by the Contractor. The employment facility shall dispatch workers strictly in accordance with the provisions of this Agreement.

7. Contractor Furnishes Information. It shall be the responsibility of the Contractor, when ordering workers, to give the employment facility all of the pertinent information regarding the prospective employment.

8. (a) Dispatch on Nondiscriminatory Basis. The employment facility will furnish in accordance with the request of the Contractor each such qualified and competent applicant from among those registered on said employment list to the Contractor by use of a written identification slip stating information pertinent to the prospective employment, in the order of preference stated below. The selection of applicants for dispatchment to jobs shall be on a nondiscriminatory basis and shall not be based on, or in any way affected by Union membership, by-laws, rules, regulations, constitutional provisions, or any other aspect or obligation of Union membership, policies or requirements. The order of preference in the dispatchment of applicants for employment is as follows:

Group A: Applicants whom a Contractor requests by name who have been laid off or terminated from employment of the type covered by this Agreement and in the area served by the particular employment facility, within five (5) years before a request from the same Contractor or joint venture of which one (1) or more members is a former employer, who laid off or terminated them, provided they are available for employment. This provision shall also apply to individual employers wishing to rehire employees of a joint venture of which the individual employer was a member.

Group B: In addition to requests permitted in Group A, above, the Contractor may request for employment any person registered as a "Bricktender" on the out-of-work list out of order for any reason; provided, however, that the person has worked at least three hundred (300) hours under this Agreement in the previous six (6) months in the area served by the Local Union employment facility, or has been available for work on the out-of-work list at least 300 hours (calculated at 8 hours per day) at the Local Union employment facility, or a combination of both totaling at least 300 hours. Under this section, working in the area served by the Local Union employment facility shall include a person dispatched to a Contractor in that area and then transferred by the

Contractor to another area pursuant to the transfer provisions contained in this Agreement. At no time shall any job contain more than fifty percent (50%) of persons requested under this section. Any Local Union, may at its option, permit a percentage of individual requests greater than fifty percent (50%) on any job.

Group C: Applicants whose names are entered on the employment list of the registration facility and who are available for employment and who have been employed in the type of work covered by this Agreement within the geographic jurisdiction of the Union, excluding San Diego County, for at least one hundred (100) hours within the preceding year. Workers in Group C shall be referred on a first-in, first-out basis; that is, the first person registered in that group shall be the first person to be referred.

Group D: All other applicants, other than apprentices, whose names are entered on the employment list of the registration facility and who are available for employment. Workers in Group D shall be referred on a first-in, first-out basis; that is, the first person registered in that group shall be the first person referred.

Group E: The Local Union, through the Brick Tenders' Apprenticeship Training Program, shall dispatch Apprentices from a separate list on a first-in, first-out basis; that is, the first person registered in that group shall be the first person referred; provided, however, a Contractor may request an Apprentice by name and such Apprentice shall be dispatched regardless of the Apprentice's placement on the list.

(b) Expedited Dispatch Group: The Union recognizes the need of the Contractor to have the Union dispatch workers on an expedited basis to jobsites, and the Contractor recognizes the requirement for the Union to operate a fair hiring hall. Notwithstanding any such provision of this Article, if the Contractor contacts the Local Union after posted dispatch hours and requests a worker(s) to be dispatched to a jobsite within twenty-four (24) hours of the Contractors' call to the Local Union (and the Contractor does not request the worker by name pursuant to Group A and B, above), the Local Union shall dispatch the person nearest to the top of the out-of-work list who is present at the Local Union hiring hall and if no one is present, then the person nearest the top of the out-of-work list who can be contacted by telephone. If the Local Union cannot contact a person by telephone after one telephone call, the Local Union shall call the next qualified person on the list. A person who is not present at the Local Union hiring hall or reachable by telephone for an Expedited Dispatch shall not be eliminated from the out-of-work list.

(c) Notwithstanding the provisions of this Article, a worker shall be given preference in the order of dispatch under any of the following circumstances:

- (i) A Contractor becomes newly bound to this Agreement and requests the dispatch of its existing employees at the time the Contractor becomes bound.
- (ii) A Contractor agrees to sponsor an employee as a Journeyman Bricktender who has not worked under any Laborers Union Agreement in any geographic area; provided that Contractor agrees in writing that it intends to employ the worker on a full time basis.

The Contractor shall send a letter to the Local Union to document its request.

- (iii) A worker is "stripped" from a non-union employer and is dispatched to a Contractor.
- (iv) A worker is a certified job steward and is dispatched to the job to act in such a capacity.

At no time shall any job contain more than fifty percent (50%) of persons requested under subsection (ii), (iii) and (iv), above. Any Local Union, may at its option, permit a percentage of individual requests greater than fifty percent (50%) on any job.

(d) For Contractor requests by name pursuant to the provision of Article II, Section 8 (a), Group A and B and Apprentices, above, the Contractor shall document the request in writing, dated, signed by an appropriate management representative, specifying whether the person is a rehire and names the job for which the referral is requested.

(e) Available for employment shall mean persons eligible for referral and present at the hiring hall or present at their residence telephone (if the Local Union permits dispatching by telephone) during the Local Union's posted dispatch hours, and all persons eligible for referral and present at the hiring hall after posted dispatch hours, unless excused for the following reasons:

- (i) When death occurs in the immediate family, from the date of death and not exceeding one (1) week after the date of burial; provided, however, that the applicant produces bona fide proof of such death.
- (ii) Persons on jury duty, provided they produce bona fide proof they are serving on jury duty.
- (iii) Persons temporarily serving in the U.S. Military Reserve, provided they produce bona fide proof of such service.
- (iv) Required attendance at a Workers' Compensation hearing or other administrative or court hearing, provided they produce bona fide proof of their required attendance at such hearing.
- (v) Any other reason stated in the Local Union's hiring hall dispatch rules.

(f) Persons shall be eliminated from the registration list for the following reasons:

- (i) Dispatched to a job, except that a person who is rejected by the Contractor and fails to complete five (5) days of work (or such other period of time set forth in a Local Union's hiring hall dispatch rules) shall retain his/her position on the list. Upon request of the

Contractor, no person who is rejected by the Contractor shall be dispatched again to the Contractor. Upon a Local Union's request, the Contractor will confirm its request in writing.

- (ii) Failure to accept the dispatch.
- (iii) Unavailable for employment during posted dispatch hours.
- (iv) Failure to report to a job to which the person was dispatched.
- (v) Failure to register or attend roll call in accordance with the Local Union's rules
- (vi) Any other reason stated in the Local Union's hiring hall dispatch rules.

(g) There is hereby established a Joint Referral Committee consisting of two (2) representatives of the Contractor and two (2) representatives of the Union. The establishment of the Committee is for the purpose of interpreting and enforcing all the terms and provisions of Article II, A. Any person having any disagreement with an applicant's placement or dispatch under Article II, A, shall submit his grievance to the Joint Referral Committee, by filing a written grievance with the Local Union stating the reasons for the grievance within ten (10) working days after the occurrence of the grievance. The Joint Referral Committee shall have full power to adjust the grievance and its decision shall be final and binding upon the person submitting the grievance and all other parties involved in the dispute. In the event of a deadlock of the Joint Referral Committee, the grievance shall be referred to the permanent hiring hall neutral arbitrator, whose decision shall be final and binding. The costs of arbitration shall be borne equally by the Employer and the Local Union involved in the dispute. Forms for the submission of any such grievance shall be available at all times in the offices of the Local Unions. Neither the Joint Referral Committee nor the permanent hiring hall neutral arbitrator has the authority to modify, vary, change, add to or remove any of the terms or conditions of this Agreement.

(h) The parties agree that, at its option a Local Union may elect to delete Group C by posting written notice of such election at the place of dispatch.

- B. 1. New employees who have not worked under this Agreement may be employed by the Contractor as a Journeyman, if so requested by the Contractor and if in accordance with this Agreement. Otherwise, all such employees should be screened and tested by the Joint Apprenticeship Committee to determine whether the employee is a journeyman or should be registered as an apprentice.

2. In the event an employee is employed as a Journeyman at the request of a Contractor pursuant to Section B.1 above, and leaves the employment of the Contractor and returns to the Local Union for dispatch, the employee shall be referred to the Joint Apprenticeship Committee for screening and testing to determine whether the employee shall maintain journeyman status or should be registered as an apprentice. The JAC's decision shall determine whether the employee

is placed on the journeyman or apprentice out-of-work list for dispatch to another employer.

C. CONTRACTOR MAY OBTAIN WORKERS FROM ANY SOURCE IF UNION DOES NOT REFER IN TIME. When ordering workers, the Contractor will give notice to the appropriate Local Union, or its Agents, not later than 2:30 p.m. of the day prior (Monday through Friday), or in any event, not less than 17 1/2 hours before the required reporting time; and in the event that 48 hours after such notice, the appropriate Local Union, or its Agents, shall not furnish such workers, the Contractor may procure workers from any other source, or sources. If workers are so employed, the Contractor will immediately report to the Local Union having work and area jurisdiction, or its Agents, each such worker by name.

1. If the Union is unable to refer applicants for employment to an employer in sufficient number, or sufficient type, from the groups represented within the local area as may be necessary to enable the Employer to fully comply with minority or female hiring requirements imposed by its construction contract with any Federal, State or governmental body, commission or agency or enable the employer to fully comply with all Federal and State Laws, Presidential Executive Order, regulations, rules, directives or orders which cover hiring and which are applicable to the Employer, the Employer may directly recruit from any source such number of minority or female applicants acceptable to the Employer as may be necessary to satisfy the Employer's needs to effect such compliance. As an exception to the dispatch procedures in Article II, the Union may dispatch workers who are not next in order, to aid the Employer in complying with government requirements.

2. The Employer shall submit to the Union, in writing, any such request for minority or female applicants for employment, together with a copy of the order, directive, rules or regulations pursuant to any such Presidential Executive Order, Federal, State or local law, the Construction project number, and a copy of the compliance order.

It is agreed that all workers or employees covered hereby shall be, or become members of the Union in good standing on the eighth (8th) day after employment, or on the eighth (8th) day after the execution of this Agreement, whichever is later and remain continuously members in good standing of the Local Unions having work and area jurisdiction and on whose behalf this Agreement is executed as a condition of employment.

The Contractor shall discharge any employee pursuant to the foregoing section upon written notice from the Union of such employee's non-payment of initiation fees or dues. Such written notice shall indicate the amount of initiation fees or dues which are in a state of delinquency and shall give the employee forty-eight (48) hours within which to cure the delinquency. The Contractor agrees to furnish a copy of such notice to the employee forthwith. The Union will hold the Contractor harmless for compliance with this Section.

Subject to the following conditions, the Contractor agrees that the Contractor shall, if the Contractor has been furnished with the employee's written authorization to do so, deduct the sum certified by the Union as the amount owing for

supplemental dues from the vacation contribution portion of the wages of each employee covered hereby for each hour worked or paid for in each payroll period special supplemental dues. The Union shall have the right to make allocations of additional contributions from wages hereafter falling due in accordance with Article VII-A.

Said supplemental dues shall be transmitted concurrently with and as a part of the Employer's monthly vacation contribution with respect to his employees covered by this Agreement to the Construction Laborers Vacation Trust for Southern California (Vacation Trust). All sums transmitted by employers pursuant to the above provisions for which authorizations for each employee have not been timely provided shall be deemed vacation contributions to the Vacation Trust and held by it for the account of the employee. The Unions shall bear the entire responsibility for furnishing the written authorization referred to above. All costs, expenses and fees incidental to the receipt, administration, and remittance to the Union of the supplemental dues payments from the employers' payments to the Vacation Trust shall be borne solely and entirely by the Union. This provision shall not reduce the obligation of the Contractor to pay the full amount of vacation contributions specified in this Agreement.

All written authorizations referred to above shall be irrevocable for a period of one (1) year from the date of the execution and shall renew automatically from year to year thereafter, unless the employee, by written notice served upon each of the Contractors for whom the employee was employed and on the Southern California District Council of Laborers within fifteen (15) days following the first year or any year thereafter, revokes such authorization. The authorization shall automatically renew for subsequent agreements unless revoked.

E. LIUNA PAC

1. Subject to the following conditions, the Contractor agrees that (s)he shall, if (s)he is furnished with his/hers employee's written authorization to do so, deduct the sum authorized by the employee as the amount owing for contribution to the LIUNA PAC, or other Political Action Committee from the amounts required to be paid to the Vacation Trust pursuant to attachment No. 1 of this agreement for each employee for each hour worked or paid for in each payroll period. In implementing the foregoing, the parties have heretofore established the Laborers Vacation Dues Reconciliation Trust (hereinafter "Dues Trust") and they hereby designate the Dues Trust as agent for the purpose of receiving and holding written authorization for, and for receiving, holding, allocating and distributing moneys designated by employees as political contributions.

2. Said contributions shall be transmitted to the Dues Trust concurrently with, but not as a part of, the employer's monthly vacation contributions with respect to his employees covered by this Agreement to the California Laborers Vacation Trust for Southern California. All sums deducted by the employers as contributions pursuant to the provisions of this Section shall, from the instant of their deduction, be considered, contributions to LIUNA PAC or other designated Political Action Committee. Prior to deposit in the separate bank accounts of the Dues Trust, on the one hand, and the Vacation Trust, on the other, the bank shall separate the political contributions and deposit such sums in the account of the appropriate Trust referred to in this Section. The Union shall bear the entire responsibility for furnishing the written contribution authorization. All costs incidental to receipt, administration and remittance to the LIUNA PAC or other Political Action Committee shall be paid from the political contributions made into the Dues Trust or, at the Union's election,

paid by the Union; and the Contractor shall not, by virtue of this provision, incur any additional cost. This provision shall not reduce the obligations of the Contractor to pay the full amount of vacation contributions specified in this Agreement.

F. CONTRACTOR FREEDOM OF SELECTION. Subject to the foregoing, the Contractor shall have complete freedom of selectivity in hiring and the Contractor retains the right to reject for any reason any job applicant referred to the employment facility. Contractor may discharge any employee for any cause which the Contractor may deem sufficient, provided there shall be no discrimination on the part of the Contractor against any applicant or employee, nor shall any such employee be discharged by reason of any Union activity not interfering with the proper performance of the employee's work.

G. TRANSFER OF WORKERS. The Contractor recognizes the desirability of employing workers from the area in which the work is located and the Union recognizes that in the employment of the Contractor are Brick Tenders which are necessary to the efficient continuity of their operations. Therefore it is agreed that at the Contractor's option, the Contractor may transfer up to five (5) Brick Tenders from area to area. After the transfer of no more than five (5) Brick Tenders as noted above, the Contractor must hire the next two (2) Brick Tenders from the Local Union hiring hall in the geographical area in which the work is performed. Thereafter, the Contractor may transfer one (1) additional Brick Tender for each Brick Tender hired from the Local Union hiring hall in whose jurisdiction the work is performed. The Contractor shall keep this 50-50 ratio intact (one (1) local person and one (1) person from outside the area) in employing, laying off and terminating Brick Tenders. Only employees who have been employed by the Contractor for at least three hundred (300) hours in the last six (6) months may be transferred from one area to another area (this restriction shall not apply to the foreman). The Contractor must properly clear all employees, including foreman and Key employees, with a dispatch slip from the Local Union having geographical jurisdiction over the project prior to those employees beginning work. Dispatch slips for employees transferred from another area shall be submitted by fax or personal delivery. The Union will not unreasonably withhold issuing a clearance. For the transfer of additional Brick Tenders, the Contractor shall first contact the office of the appropriate Local Union in the area where the work is being performed. The above additional transfers shall only be made by mutual consent.

H. TRANSFER OR REMOVAL OF WORKERS BY UNION MUST HAVE CONTRACTOR APPROVAL. Employees employed by any Contractor pursuant to the terms of this Agreement shall not be removed nor transferred by the Union unless the prior approval of the Contractor has been obtained.

I. POSTING OF REFERRAL PROCEDURES. If a Contractor is performing work on a project as a subcontractor, during the construction of which such project is declared to be unfair by a Building and Construction Trades Council or the National Construction Alliance and the work thereon is stopped for that reason, the Union shall not be deemed to have violated this Agreement, if during the period of said stoppage of work, the members of such Union fail to perform their work on said project for the Contractor. However, the Union will provide seventy-two (72) hours notice prior to establishing any picket line.
